P.S. Questions to Ponder...

Does your current job leave you feeling "dead" at the end of the day? Is a chance for a promotion as "thin as a skeleton?" Do you have a "ghost" of a chance for a pay increase? How many of your co-workers could "ride a broom to work?" Does the thought of being in your current job 5 years from now make chills go up and down your spine? If your answers to these questions are SCARY... maybe you should consider a change! Let me know if you would like information about the Mary Kay opportunity! Thank you for the opportunity to serve you!
