Pampering Pumpkin

Created by Melinda Mercedes Balling

Colorful plastic pumpkins are available from Walmart (pink, blue, purple, green) for \$1.00. Add a colorful ribbon to the handle, a few chocolates, Mary Kay Product, and this adorable Halloween gift is ready to go! Don't forget to include your business card with an invitation for a complimentary facial. Call customers, family members, husbands, significant other, people you do business with (your attorney, accountant, dentist, etc.).

Packaging:

You can purchase coarse black netting, usually about \$.89 per yard (which, depending on gift contents, will typically work for at least 3 pumpkins). Put the product in the netting and place in pumpkin with netting coming out of the top of the pumpkin. You can also use cellophane and close off with a bow around the cellophane. For pumpkins for men, use the orange pumpkin, skip the bow and fill with Halloween garland. Purchase a long garland and cut to fill in around products.
